

About Seva Sangama Development Society

Seva Sangama Development Society is a non-government volunteer organization in Gulbarga district of Karnataka which has come into existence in 2006 as a response to the problems of the marginalized and backward sections of the community especially for the upliftment of the rural women. It is the wish of the organization to extend its services to many more in and around Northern Karnataka. In recent years the importance is given for Disability rehabilitation and the issues they face in day to day life. Currently Seva Sangama in association with its sister organization ORBIT (Organization of Bidar Integral Transformation) has stretched its wings in Bidar, Kalburgi, Yadgiri and Bijapur.

Vision :

Seva Sangama Visualizes a Transformed Society based on equality, justice and love.

Mission :

To facilitate the empowerment of the most marginalized through participatory development, capacity building and right based actions leading to self-reliance and social dignity.

PROGRAMS OF THE YEAR

Chartered Accountants, Mangalore

SWATHANTRA: LAST STEP TO INDEPENDENCE WOMEN EMPOWERMENT PROGRAM

Date of inception: January 2016

Target Group: Women & Adolescent girls,

Project Area : Bidar & Gulbarga district

OVERALL OBJECTIVE

Gender equality in the Bidar and Gulbarga with equality of status for women as participants and decision makers in the social, economic and political spheres of society.

SPECIFIC OBJECTIVE/ PURPOSE

The Self Help Groups and cluster/taluk federations operate independent without support from Seva Sangama and ORBIT. They are self managed, and they become less dependent from institutions like banks.

19	Adhar card	287	-

Programs	Total SHGs	Participants
No of children's clubs	9	200
No of awareness programs on child rights in schools and in clubs	3	900
No of children's day celebration	2	200

FUTURE PLANS:

- Formation and training of taluk federations
- Bookkeeping Training for SHGs
- Training on Government Schemes
- Training for Cluster federations
- Exposure visits for federation members
- Animal Husbandry Camp
- Workshop on Rotti making
- Workshop on Soap water / Agarbatti making
- Workshop on Tailoring

SUCCESS STORY

Name :- Surekha Vidhyadar

SHG:- Malige SHG

Place:- Wadi

Surekha hails from Wadi a small village in Gulbarga. She has one boy and girl children. At present her husband is working in KEB office on a contract basis. She was not coming out of the house and not involved much in any of the activities of the outside world. She got in touch with Nagendra, the animator of Sevasangama. He introduced her to the SHG and slowly motivated her to join the SHG. She got involved very much in all the activities and attended all the trainings organized by sevsangam. After attending the training on Income generating activities she got excited and decided that she has to do something in her life. Finally she went around in search for loan and she got it from the ACC cement factory and she started her own Rotti business. She had good contacts with the departments and other officials. Infact now she earns Rs. 700- 1000 per day. Infact she is very grateful to sevasangama for their timely support, encouragement and guidance in her economic development.

COMMUNITY BASED REHABILITATION (CBR)

Date of inception: October 2014

Target Group: persons with Disabilities (PWD's)

Project Area: Gulbarga (10 GP's 40 village) and Sedam (4 GP's 24 Village)

OVERALL IMPACT

People in the community especially those with disability are considered as equal members of the community and are given space and opportunities to realize their potentials.

IMPACT:

- CBR team would have ensured that 60% of the needs of persons with disabilities in the area of health, education, livelihood and social are addressed.
- 57% (200/350) of CWCs/ PWDs would have improved their functional ability.
- 47% (85/180) CWDs would have received quality education on par with others in general schools
- 48% (120/250) Of PWDs would have proper regular income
- 67% (300/450) of CWDs/PWDs would have been participated in community social events
- Taluka level DPO (TDPO) group would be able to take up the issues effectively

ACTIVITIES:

- Need based field level training for project personnel by ADD India, Bangalore resource persons based on the training needs.
- Reflection workshop at Panchayat level for initial planning of 5th and 6th year programme.
- Meeting with local health committee (LHC), Panchayat leaders, community leaders and PWDs.
- Training by BNI on Mental Health
- Referred Mental Illness person to district govt. hospital for six months medication support and availing Development Committee & ID Card
- Facilitate PWDs to District Hospital for Disability certification and ID Card
- Facilitate Aids and Appliances for needy CWDs/ PWDs
- Interface meeting with local school development management committee (SDMC), local school teachers, community leaders and PWDs leaders on the inclusion of CWDs in local general schools.
- Facilitate school going CWDs for availing education support
- Facilitate/ referred eligible and interested PWDs to access vocational skills training through KITSERD, Rajiv Gandhi Chaitnya Yojana
- Facilitate eligible CWDs/ PWDs to access social security schemes & 3% reservation for PWDs (govt. schemes and entitlement)
- Facilitate and motivate family members to encourage PWDs to engage under MGNREGA.
- Meeting with Gram Sabha member to include PWDs in the group/ or be a group in the meeting.
- Motivate and encourage PWDs to participate in village jatra and other social function
- Encourage family and community members to include PWDs in family decision matters and village function and marriage
- Formation of village level DPO (VDPO)
- Facilitate regular meeting of VDPO groups by the concerned CBR staff
- Formation of Taluk DPO and regular facilitation of monthly meeting by CBR team
- Disability Advocacy Programme (DAP) facilitated by CBRE.

FUTURE PLANS:

- Facilitate CwDs / adults to obtain mobility aids and appliances.
- Facilitate DPOs to identify health issues and address them with concerned officers.
- Encourage parents to enroll CwDs into Anganwadi center/school
- Encourage CWD/PwDs to access educational services in college and other higher education
- Organize training for school teachers on effective teaching methods and rights of CwDs with the help of SSA Resource teacher.
- Promotion and strengthening of Children's Clubs.
- Facilitate CwDs to access resources allocated by local authorities, NGOs and Govt. Departments
- Facilitate eligible PwDs to access vocational skills through Govt. and other training institutions
- Orientation to PwDs on various livelihood opportunities.
- Livelihood supports to DPOs from the CBR project.
- Have linkage with DPOs at various levels (all grassroots level VDPOs/CBOs)
- Collaboration with local government (Panchayat) and block level authorities.
- Train VDPOs at village level to have skills to resolve issues of persons with disabilities
- Formation and strengthening of Taluk level DPO (BDPO) with the active participation of VDPOs.
- Development through network and linkages at various levels with likeminded DPOs/CBOs/ NGOs/ Networks / Govt. departments etc.,

SUCCESS STORY

BACKGROUND:

Shivlela is from Kotnoor (D) village of Gulbarga District of Karnataka. She was born on 16th August 1984. She is the daughter of Sharanappa and Sumitra. She is eldest girl in the family. She has one brother and one younger sister. Both are studying in Vijaya Vidyalaya school in Gulbarga. Shivlella was born as a normal child and went for the regular schooling till 10th standard. After 10th she went into depression. As the parents found her shouting, yelling, running away from the house, they took her to the private hospital and treated her for 8 years. But they did not find any changes or improving her condition besides spending lot of money and treatment. So as the days gone by her condition became worse and severe. And failed to take the medicines regularly.

SUPPORT

CBR program was a channel to get in touch with shivleela who was a mentally ill for the past 8 years. CBR staff took the step to convince her parents and take her to the district govt. hospital. Indeed Parents support was a great help. They started to give the medicines regularly.

CHANGE

But the intervention of CBR program was amazing. They were the boost for the family to lift the child's spirit up. CBR animators requested them to take shivleela to the District Govt. Hospital Gulbarga where she is treated regularly than the private hospitals. Now is responding well to the treatment and takes the medicines on time by herself. Now she started to mingle with the people around gradually and her lifestyle has changed.

ACHIEVEMENT

She started to smile and shake hands. She never desired to be alone and began to help her mother in household chores. She is a part of Disabled person organization and is doing very well sharing her life experiences and encouraging others to come out of the four walls. Hats off to the animators of sevasangama staff for their tireless effort.

UJJIVANA

Date of inception: October 2014

Target Group: Women Farmers, Children and Adolescent girls,

Project Area: 10 villages of 4 Panchayaths in Kalaburagi district

GOAL:

910 marginalized households of 10 villages of 4 gram panchayats in 1 blocks of Gulbarga Districts in Karnataka state have ensured sustainable livelihood opportunities through organic farming and by attaining their legitimate rights and entitlements.

OBJECTIVES:

Basic Rights Entitlements: 637 (70% of 910 HH) marginalized families will have 50 % increase in access to various Government schemes by the end of March 2017

Livelihood: 728 (80%) Marginalized households of Gulbarga district will have increased income up to 50% through sustainable agriculture and other livelihood options by the end of March 2017.

Institutional Development: Sevasangama will have operational systems and procedures related to institutional development (HR/Gender/Finance/PME) and have enhanced their performance in facilitating linkages, leveraging resources by community by the end of March 2017.

ACTIVITIES:

- House visits
- Formation and strengthening of women and farmers Groups
- Orientation/Training on RTI / RTF / RTE, Poultry / Piggery / Goatary / Kitchen Garden / Bee Keeping / Mushroom / Masonry , multi cropping system, modern scientific techniques: (Organic Manure, Growth promoters, Pest repellence etc)

- Campaigns on nutrition and health in schools and community
- Preparing IEC material on government schemes
- Facilitate linkage with Banks
- Awareness of agriculture related govt. Schemes for the farmers.
- Linkage meeting with other departments like KVK, NABARD for better accessing the schemes.
- Exposure visit
- Up gradation of the available skills set by organising training, exposure, workshop etc
- Linkage creation with new market places
- Linkage with financial institutions
- Orientation to Management and governing board members, general body members.
- Capacity building to the key staff and stake holders on networking, linkage and resource mobilization.

ACHIEVEMENTS:

- 657 marginalized families started getting benefits from the various Govt. schemes like
- Old age pensions 95, of Rs. 500/- per month (47,500)
- Widow pensions 32, of Rs. 500/- per month (17,500)
- Disabled pensions 22, of Rs. 1500/- per month (33,000)
- 45 pregnant women benefited by Rs. 1000/- under JSY scheme (45,000)
- 62 families have received BPL ration Card
- 15 families received Anthyodaya ration cards
- 48 adolescent girls are availing ICDS food
- 42 children have got scholarship from Social welfare department
- 8 member have selected in Pashubhagya Yojane
- 25 SHG's have got loan from Different source like Bank, Samruddi, and NABARD. Total Amount is 37,50,000
- 120 members received Labour Card,
- 20 student have got scholarship from Grama Panchayat (each Rs. 2,500)
- 2 SHG's have received revolving fund from Taluka Panchayat

- 198 new job cards issued to the eligible candidates
- 252 members got MGNREGA job work Total amount is 7,28,400
- 89 individual toilets completed by swach Bharat mission, each unit cost is Rs. 15,000/- (13,3500)
- 120 new Adhar cards issued
- 480 women have actively participated in Grama sabha and eligible beneficiary have selected for schemes.
- 8 departments have started building linkage with community (Agriculture-KVK, RSK, Gram Panchayath, Veterinary, Nabard, Horticulture, Social Welfare Department & Labour Department)
- 6 Farmers have received Rs. 72,000 from RSK for Vermi Compost.
- 119 members started gaining income through IGPs with the economical support and doing vegetable vending, hotel, bicycle repairing shop, petty shops, carpentry, bamboo products and goat rearing and getting Rs. 2000 – 5000 additional income per month
- 346 marginal farmers have articulated about their eligibility avail the schemes
- 126 farmers promoted multi cropping, they got extra income of Rs. 5,000 – 15,000 per acre
- 12 Farmers have increased their income by doing vermi compost.
- 156 families grown vegetables and got additional income Rs. 1000 to 4000 per families
- 128 farmers learnt integrated agricultural practices from Exposure to model farmers and Krisi vignayan Kendra (KVK)
- 32 Marginal farmers using scientific agricultural techniques (using agri equipments, seed treatment, water conservation)
- 60 women have gone for exposure visit to successful IGP model of Agarabathi factory.
- 16 farmers have got crop loans (Rs. 8,00,000)
- 29 families have opened zero bank accounts
- 39 farmers have received agriculture equipments like pump set, Tillers, Pesticide Sprayer.
- HR, Gender, Finance policy are in place and we are trying to follow it up.
- All the new programs of the organization the staff recruited with procedures, they were given appointment letters with JD.

FUTURE PLANS:

- Orientation on PLD to community
 - Preparing IEC materials (posters, handbills, pamphlets)
 - Campaigns (I mass campaign)
 - Identify the concerned departments and point of contacts. (Panchayath, NABARD, KVK, Women and Child Development, ICDS etc.)
 - Formation of Farmers' club (Male & Female) (orientation on the importance of farmers club)
 - Up gradation of the available skills set by organising training (Basket making, mat weaving, stone work, carpentry)
 - Training to the staff on PLD systems and procedures monthly review of the implementation process (organization level)
 - Capacity building to the key staff and stake holders on networking, linkage and resource mobilization
- 

SUCCESS STORY

Name – Shivanad jevangee

Place – Farthabad

SHG name: Negila Yogi Farmer Group

I was not aware as well as I had no information about farmers SHGs. But in the process of my

Daily activities I came across from seva sangama Ujeevana programme animator Mrs. Shivakanth. Hence through her intervention into our village I came to know about the various programme that they are conducting, for various target group in our village. Among them one of the programme was field exposure to farmers at KVK at Aland road and thereafter to the progressive farmer at pattana. There we were exposed to vermi compost, Ajola, rain water harvesting, multi cropping, polutary, gobar gas and silk worm farming. After which I took the initiative to form farmers SHGs called Negeel yogi. And now with my own interest and with guidance of Seva sangama Ujeevana programme I have build pit for vermi compost.

Now I have gained a lot of confidence and courage to speak to the officers. I am a small farmer with in this limited land I want to improve my economic condition as well as systematic and steady improvement in my way of farming. Mr. Shivanand says -“I am sure and confident in the coming days with the support of this vermin compost i will able to improve my economic status and lead a very decent life.”

PAUSTIK

Date of inception: 2015

Target Group: Women & Adolescent girls, Childrens, Pregnant women. Lactating Mothers

Project Area : Gulbarga district- Gulbarga Taluka

“PAUSTIK”-Building Sustainable Community Resilience to mitigate malnutrition among the children, adolescent girls and lactating mothers of 48 villages from 10 GPs of Gulbarga Taluk of Gulbarga District of Karnataka state.

THE GOAL OF THE PROJECT:

To demonstrate sustainable approaches and strategies to reduce the prevalence of Malnutrition among vulnerable groups, in Gulbarga district of Karnataka.

SPECIFIC OBJECTIVES OF THE COMPREHENSIVE NUTRITION PROGRAM

1. Reduce underweight and under-nutrition among children, low body mass index among adolescent girls and lactating women in the project areas in the shortest possible time, by following the inter-generational, life-cycle approach.
2. Eliminate wasting (abnormal low weight) children and severe malnutrition among children. (earlier termed as Grade 3 and 4 malnutrition as per Gomez Classification)

3. Reduce the incidence of low birth babies, infant mortality, child mortality, maternal mortality, anemia and other micronutrient deficiencies among children, adolescent girls and women; and
4. Spread information and awareness to the communities to enable behavioral change regarding proper child care, care of the girl child throughout her life cycle, of pregnant and nursing mothers, and proper dietary practice within existing family budgets.

ACTIVITIES:

- Awareness on importance of Nutrition food
- Training on personal health and hygiene
- Awareness on MCH (Mother & Child Health) & RCH (Reproductive Child Health)
- Training on preparation of nutritious food
- Health Campaign
- Health Camp
- Awareness on prevention and curing measures, home remedies, herbal medicine
- Training for community health workers
- Training for ASHA workers and linkage programme
- Awareness on gender equality
- Linkages to health departments and health schemes

ACHIEVEMENTS:

Result	Total improvement	Improvement	Overall improvement
Benefits of the Paustik program	23,195.	2689	25884
Adolescent girls (between 10 to 18).	29738	27737	57475

FUTURE PLANS:

- Awareness on Importance of Kitchen garden
- Uplifting the S.H.Gs
- Fight for the rights
- Training on Book Keeping
- Health Campaign
- Health Camp
- Training on preparation of nutritious food
- Awareness on gender equality
- Training for community health workers

SUCCESS STORY :

Case study of Malnourished child.

Background

The name of the child is Purnatha. She is a second child of Subanna and Sumangala. They reside in Khaja Kotnoor. Purnatha was suffering from malnutrition. The parents of Purnatha economically very poor, they go for the coolie work in order to earn their daily sustenance.

Our intervention

We visited the Anganwadi of this particular village and gathered information about the status of the children specially regarding their health progress, thereafter when we saw the report we found a child named Purnatha who is of low weight. Then we visited the house of that child made a further enquiry about her, and told her mother to take her to N.R.C hospital then we gave her some of the information saying that “you must take special attention when the child suffers from malnutrition, provide the child additional food/ supplementary food, in order to bring her weight to normal stage, if you are not serious about her health her life will be at risk”. Having said this after a month we visited the child for the second time. Yet still, in spite of giving her all the instructions she did not take the child to the hospital. Then we obliged her to say why didn't you take the child to the hospital, what is the reason? Then the mother replied, “When I gave birth to this child, I was unable to feed the baby because of the inability to secrete adequate breast milk. Then I consulted the doctor, he diagnosed my condition as Lactation failure that was the reason why I didn't want to visit the hospital again”. Then we encouraged her saying “if that is the case eat the pulses, green leafy vegetables, the seasonal fruits etc. which increases the breast milk of Lactating Woman.”

Changes:

Now the mother follows all the instructions which are given to her. And she has a sufficient breast milk to feed her child. And the child too is has improved in her weight. The weight child has increased from 4 to 6 k.g. and the child is showing positive signs of further improvement.

Achievement

Because of the nutrient food which is consumed by the child and the mother. There was a rapid changes are seen in the growth of a child.

WOMEN IN MICRO ENTERPRISE

Date of inception: 2011

Target Group: Women

Project Area: Gulbarga district

GOAL:

Them members of 800 democratically-governed women's organization of SAMRUDI in Karnataka own and control their institution, resources and programs, challenge unequal power relations and unjust social conditions and demand their rights. It also aims to attain the economic development of 2,000 women entrepreneurs and improve the living standards of 10,000 people in the state of Karnataka.

OBJECTIVES:

1. Every year 2,000 women belonging to 800 SHGs in Karnataka will gain capacity and receive business counseling.
2. Every year 2,000 women entrepreneurs will be technically and financially supported so that they can raise individual income by Rs. 1,500 per month.
3. To promote 2,000 entrepreneurs every year.

SUCCESS STORY

Name- Bhagyashree w/o Basavaraj

SHG Name- Jaibhavani

Village - Kotanur (D)

Problems that were identified – she was very poor having 3 Children 2 sons and 1 Daughter. She lead her life with much pain and struggle because her husband had no proper job so it was very difficult for us to support the family.

Works done - At this time the Seva sangama Ujeevana animator visited the Kotanur village and formed the group of 20 members. Through the self help group sevasangama staff conducted Training on Income generating activities. During this Training Bhagyashree met the animator and joined SHGs and became aware of the rules, regulations as well as importance and the benefits of the self help group. And 3 members from the group decided to start Roti centre and distribute to the near by hotels and Dabas

Efforts Made - To improve economic condition and all round development, our organization Sevasangama, Ujeevana programme supported her to join SHG, After joining the SHG she started to improve her life, she became aware of the various government schemes Hence We also linked her to samrudhi micro finance for taking the loan of Rs.30,000 is now able to manage self employment of Rotti Kendra. Now she is able to manage and support her family along with the other members of the group.

Solution – Now Bhagyashree is leading satisfactory life, earning Rs.8000 per month from selling different types of Rottis and Chatni Powders. Now 2 sons and 1 Daughter are studying in 1st PUC 8th and 10th standard respectively

Result – Bhagyashree is very much supported by her family, especially in her Rotti business. As well as in her family growth.

OTHER EVENTS

BLOOD DONATION CAMP

In view of Martyrs Day Celebration, blood donation camp was organized by SEVSANGAMA in collaboration with MARGADARSHI organization in Kalaburgi. The day was inaugurated by Chandrakanth Jewangi, Assistant director of Agriculture department, Kalaburgi. Bishop Robert Miranda graced the occasion and addressed the gathering. We remember and respect all our donors for their sacrifice and love

WOMENS DAY

Celebrating Womanhood: Women's Day Celebration

Empowerment of Women through Self Help Groups Mahatma Gandhi states that the position of women in the society is an index of its civilization. "Train a man and you train an individual, Train a woman and you build a nation". The SHGs (Self Help Groups) are the major resource of inspiration for women's welfare. Empowerment can be viewed as means of creating a social environment in which one can make decisions and make choices either individually or collectively for social transformation. This year women's day was celebrated in in Panchayat level in various places.

The following list gives the details of Womens Day Celebration.
